

2020-2021 POMS Student Drop Off

The 2020-2021 school year brings changes to our student drop off procedures for morning arrival in order to provide a safer drop off by separating vehicles from busses. Vehicles will pull in to the school at the P-O Middle School marquee sign and go straight to the end of the parking lot. Then, they will U turn around a cone and proceed to the student drop off zone in front of the Main Office Door. Vehicles will exit the same way they entered. Do not pull in front of the school.
