

WINTER 2021

POMS

Dear Parents and Guardians,

In anticipation of bad weather and potential school closing, I'd like to share the process and expectations for our students!

If school is closed, a one call message will be sent to families. It is also advertised on the webpage, tv stations and radio stations. In the event that school is closed, we provide instruction virtually. These days can be called FID (Flexible Instruction Days) or Virtual Days.

Students will need to log on for advisory and each class period for instruction. The exceptions in their day are lunch, online resources and E and I (Enrichment and Intervention). These are free periods in their day. Attendance for the school day will be based on work completion. If students complete their work provided when school is closed, they will be marked present. If work is not completed, they will be marked absent.

In addition, I will email the students with the bell schedule and expectations. I will also identify the day in the 6 day cycle.

Severe weather days can be problematic. This is the reason that attendance will be based on work completion and not on online attendance. We encourage and hope the students will join the teachers for their class period. If you need a hotspot for your child, please email Dr. Angie Michaels, amichaels@pomounties.org, with your request.

Students should take their school computer and charger home every day!

In Partnership,

Mrs. Harris

Important Dates

Thursday, December 23 — No School

Friday, December 24 — No School

Tuesday, January 4 — School
