Please refer to the following information about graduation:

Due to the current COVID-19 regulations set by the Governor, we are currently in the yellow phase which does not allow for large groups of more than 25 people. It is unlikely that our area will move to green by June 5th. For this reason, we are planning a virtual graduation ceremony. In the event that our county moves to the green phase, we will pivot our plans to a traditional graduation ceremony.

The schedule will be as follows:

All filming will be done in the POHS auditorium. We have partnered with Synergy Marketing to produce a professional video, and every student will receive a copy.

May 13th—We will prerecord valedictorian and salutatorian speeches and music.

May 20th—We will record the seniors receiving their diplomas. Students will be scheduled from late afternoon throughout the evening. Because we cannot have everyone arrive at the same time, a detailed schedule for arrival of each graduate will be provided in the near future. Admission will be for parents and/or guardians only.

Other items of interest:

We are planning a drive through senior breakfast, diploma pickup, book return, 1-1 laptop return, and the return of other school issued items during the first week of June. We are also working on plans for a virtual baccalaureate and senior awards. Information regarding these activities will be forthcoming.

We will be in further contact soon.

Thank you!

Philipsburg-Osceola Area School District Administration

The Philipsburg-Osceola Area School District is an Equal Opportunity employer who fully and actively supports equal access for all people regardless of race, color, gender, age, national origin or disability.
