## Social Media 101: Parents/Teachers

This presentation gives parents and teachers a foundational education on understanding the social media sites that children use and how to keep them safe while using them. Parents and teachers will learn how to navigate and learn how to enable the security features on the “apps,” along with recognizing the importance of knowing their child’s passwords. Monitoring children’s behavior and interactions on the internet is very critical in today’s world. Children are being targeted by online predators and cyber bullying at an alarming rate.

**Connor A. Ferrara**, Education and Outreach Specialist, from the Pennsylvania Office of Attorney General will present *Social Media 101*.
